

Brand: Ranger

Model: RD-18G

Description: 18-Gallon Upright Portable Oil Drain

Light-Weight Portable Oil Drain with Hand Pump

Ranger oil drains are by far the best solution to the common problem of waste fluids. The lightweight 18-gallon RD-18G features a convenient hand pump for even faster oil draining and a wide-bodied design to ensure proper balance whether the unit is in use or maneuvering around the garage on its ball bearing casters. Constructed of high-quality translucent polyethylene for strength, durability and easy oil level viewing. All ranger oil drains resist rust, dents, automotive fluids and other otherwise corrosive chemicals.

Features

- Lightweight for easy portability
- Comes standard with oil drain pump
- Safe and easy to use
- Wide body for stability
- Tough construction will resist dents, rust and corrosion
