

Brand: Ranger

Model: RD-20SE

Description: 20-Gallon Air-Evac Portable Oil Drain

Air-Evacuation Oil Drain and Fluid Dispenser

Ranger oil drains are by far the best solution to the common problem of waste fluids. The lightweight 20-gallon RD-20SE comes loaded with exclusive features like tamperproof air regulator and a quick-release “lift-lock” drain. A generously wide base design ensures proper balance whether the unit is in use or maneuvering around the garage on its heavy-duty 3” ball bearing casters. The RD-20SE is constructed of heavy-duty steel for exceptional strength durability and a handy translucent sight tube on the side means you never have to wonder about fluid level. All ranger oil drains resist rust, dents, automotive fluids and other otherwise corrosive chemicals.

Features

- Lightweight for easy portability
- Durable steel construction
- Safe and easy to use
- Tamperproof air regulator
- Preset safety pressure valve
- Translucent sight tube on side for easy viewing of fluid levels
