

Brand: Ranger
Model: RD-9G
SKU: 5150997
Description: 9-Gallon Upright Portable Oil Drain

The rugged-built RD-9G 9-gallon rolling oil drain features a wide-body design and low center of gravity to eliminate tipping and ensure proper balance when weighted with fluid or maneuvering around the shop. It features smooth-rolling ball-bearing casters and a dent resistant translucent polyethylene tank for easy viewing of fluid level.

Features

- Lightweight for easy portability
- Safe and easy to use
- Wide body
- Tough construction resists dents, rust and corrosion
- Heavy-duty stainless steel clamp
- Ergonomic spring clamp for easy height adjustment
- Non-corrosive telescoping tube
- Easy-pour oil spout for simple evacuation
- Elevated tray acts as pull handle and convenient storage area
- Four, swivel, ball-bearing casters
- Translucent polyethylene tank for easy viewing of fluid level
- Rugged funnel with built-in contamination screen
