

Brand: Ranger

Model: RST-1WS

Description: Rolling Work Seat

Ranger's Rolling Work Seat Saves the Day and Your Back

Just because you're hard at work doesn't mean you should have to be in pain. That's where the Ranger RST-1WS Work Seat rolls to the rescue. Reinforced red vinyl stretched over a hardy foam pad comprises this comfy cushion to take the pressure off your back. At the same time, the convenient under-seat tray makes sure all of your tools are always just a short reach away. Sturdy, 1" steel tubing construction and ball bearing swivel casters ensure you'll be rolling in style for a good long while. Go ahead, ditch that busted old work seat and upgrade to the apex of service equipment design and comfort. It's just one more way that Ranger brings the love back to auto service labor.
